Presented to Walter Harding
on the occasion of his retirement
from the Board of Directors
of The Research Foundation
of State University of New York.
He has lived in the world
of the Transcendentalists and
illuminated it from a century away.
The contributions of that extraordinary
American, the sage of Walden,
have been more informed and more accessible
as a result of the contributions
of that extraordinary SUNY humanist,
the sage of Geneseo.

This bibliography is a compilation of all of the entries of the work of Walter Roy Harding which were found in a search of the computer data base of the Online Computer Library Center, OCLC, Inc. Said search was conducted on December 21, 1983.

The bibliography also includes the Name Authority record created by the Library of Congress to describe and identify Walter Roy Harding.

The bibliography was compiled by Kathy Rose, Library Liaison Officer, SUNY/OCLC Network.
